

INTRODUCING:

THE ADVERSE CHILDHOOD EXPERIENCES (ACE) SURVEY TOOLKIT FOR PROVIDERS

The toolkit includes resources to help providers who are interested in using the ACE survey to promote healing for individuals impacted by childhood trauma, educate the community about the impact of childhood adversity, and promote two generation policies designed to prevent ACEs for future generations. Tools include:

- ▶ **tip sheets**
- ▶ **sample protocol**
- ▶ **case studies**
- ▶ **testimonials**

and additional resources on the ACE study.

We would like to thank ASCEND at the Aspen Institute for their partnership in making this toolkit possible.
