Seeking Safety is an evidence-based program for counselors to help trauma survivors master the skills needed to reestablish basic physical and emotional safety. Originally developed to help those who are dealing with trauma and substance abuse, the techniques and information learned during this training can help anyone in need of stabilization after experiencing trauma and improve their coping skills.

Educational Objectives:

- Learn how to implement Seeking Safety with adults and/or adolescents
- Review research and clinical issues in treating trauma and substance abuse
- Increase empathy and understanding of trauma and substance abuse
- Obtain assessment and treatment resources

This training is designed for anyone; no license, degree, or prior training is required.

CEUs are included in training fee and are available upon request during registration. This course meets the qualifications for 6hrs of Continuing Education Units (CEUs) for MFTs, LPCCs, LEPs and/or LCSWs as required by the California Board of Behavioral Sciences.

Echo Parenting & Education is approved by the California Association of Marriage and Family Therapists to sponsor continuing education for MFTs, LPCCs, LEPs, and LCSWs. Echo maintains responsibility for this program and its content. Please note you must sign-in and sign-out to receive certificate.

If you are interested in other types of CEUs, there will be an extra charge of \$30; For a list of additional CEUs, please see our website and be sure to list your discipline and license number in "Comments" when you register.

If you are a LAC-DMH PEI Provider and are taking this training as part of the PEI Plan you are required to:

- Bring a copy of the Seeking Safety Book; books can be purchased online or on the day of the training
- Read Seeking Safety's Frequently Asked Questions located on the Seeking Safety website
- Review the LAC-DMH PEI Seeking Safety Guidelines
- Attend entire training and sign-in and sign-out

Echo Parenting & Education is proud to be the Los Angeles training partner of Treatment Innovations for Seeking Safety
