

Join *Hands are for Holding, Parenting Beyond Punishment*

and other local partners during April - Child Abuse Awareness Month!

Goal: Let's share a trauma-informed, brain-based approach promoting positive touch & education around the harm of physical punishment with families & professionals in Oregon.

April is an excellent time to educate parents, caregivers, educators, and professionals on the outcomes of physical discipline, and provide research-based, sustainable, non-violent, and equitable alternatives to raising, teaching and being with children.
