---

## RESOURCES

**KNOW THE SIGNS.** Every day in California friends, family and co-workers struggle with emotional pain. And, for some, it's too difficult to talk about the pain, thoughts of suicide, and the need for help. Everyone can play a role in suicide prevention by learning the warning signs of suicide, finding the words to reach out to a loved one, and knowing where to turn for help. Visit [www.suicideispreventable.org](http://www.suicideispreventable.org) to learn more about suicide prevention.

The Centers for Disease Control (CDC), [Preventing Suicide: A Technical Package of Policy, Programs, and Practices](#).

## NOTES ON CaIVDRS DATA

- In 2018, 21 counties participated in CalVDRS enhanced data collection, including: Amador, Butte, Fresno, Humboldt, Imperial, Kern, Kings, Lake, Los Angeles, Marin, Mono, Placer, Sacramento, San Benito, San Diego, San Francisco, San Mateo, Shasta, Siskiyou, Ventura, and Yolo Counties. Together, the CalVDRS counties represent 54% of the suicide deaths that occurred in 2018 in California and cover a mix of both urban and rural counties across the state.
- Circumstance data are reported as a percentage of deaths with at least one known circumstance; circumstances were known for 90% of abstracted suicide deaths in the 21 CalVDRS counties.
- Circumstances contributing to the suicide are not mutually exclusive, and more than one can be indicated for a single suicide death.
