ACRC in Minneapolis 2023

Marriott City Center
May 16-19

Capturing Quality: Equity, Experience, Efficacy

www.togetherthevoice.org

Welcome to ACRC's 67th Annual Conference

Our 2023 program offers a deep dive into relational care, workforce stability, clinical interventions, restraint elimination, and permanency, to name a few, backed by current data and research. These deep dives are bookended by keynote presentations examining the need for belonging, the practice of true family engagement, and a powerful presentation on the social and political determinants of health.

ACRC's conference attendees consistently have a common bond around QUALITY. The young people we serve are calling on us to not lose that laser-focus, to not take our eyes off the goals of equity, experience, and efficacy. To not take our eyes off QUALITY care for children and families.
