

MHANYS CarePath™ Coach Certification  
Training is Now Online!

*MHANYS is excited to announce online training for certification to be a CarePath™ Coach. The New York State Office of Mental Health supports the CarePath Model and is working with MHANYS on a demonstration project.*

*Bring this innovative support tool to your community. MHANYS CarePath™ Program acts as a transition support tool for those interested in achieving and maintaining better overall health and well-being. A CarePath™ Coach assists individuals in recovery along with their family members or other identified supporters in the transition to better health and wellness. The CarePath™ program protects the integrity of health within the family. It's a relational perspective on achieving and maintaining wellness that embodies whole-family health.*

*MHANYS online certification in the CarePath™ model includes instruction in trauma-informed guidelines for virtual engagement. Visit MHANYS CarePath™ webpage at <https://mhanys.org/products/carepath/> for details on training format and upcoming training dates.*
