

JUNIOR LEAGUE OF
MONTCLAIR-NEWARK

Junior League of Montclair Newark Proudly Presents:

Resilience: The Biology of Stress and the Science of Hope

2016 Sundance Film Festival Selection

In honor of National Foster Care Month, National Reunification Month and the League's continuing mission to bring advocacy to young people within and who have aged out of the foster care system, the Junior League of Montclair Newark, in partnership with New Jersey's Office of Resilience, proudly present a virtual screening of the highly acclaimed documentary: **Resilience: The Biology of Stress and the Science of Hope**

Researchers recently discovered a dangerous biological syndrome caused by abuse and neglect during childhood. **Resilience** reveals, toxic stress can trigger hormones that wreak havoc on the brains and bodies of children, putting them at greater risk for disease, homelessness, prison time and early death. **Resilience** also chronicles the dawn of a movement that is determined to fight back. Please consider joining us for a virtual screen of this movie during June 2nd -4th via a private link.
