

# Santa Clara County ACEs Connection

Santa Clara County ACEs (SCCA) Initiative partners educate the community on the impact of ACEs. Our goal is to integrate trauma-informed and resilience-building practices into work, family, community and individual lives to transform our county to one of hope, healing and resilience for everyone.

## What We Do

- Our focus is on outreach to the community about ACEs.
- We have held three free screenings of the film "Resilience" to the Santa Clara County community.
- We are currently focused on expanding membership, beginning with our first open, quarterly meeting on March 13, 2018.
