

Flourishing Families, Centering Justice: Policy solutions for prevention-focused, trauma- informed supports for children and families

November 1st, 2022
10 AM - 12 PM PST

The California Campaign to Counter Childhood Adversity (4CA) invites you to join us for a discussion on trauma-informed primary, secondary, and tertiary approaches to supporting struggling families and keeping them together. Our expert panelists will:

- Reframe our understanding of neglect
- Provide a brief overview of historical and current policies that have contributed to racism, inequity, and family separation in the Child Welfare system
- Provide examples of policies that have contributed to poverty in American families
- Present short- and long-term policy solutions focusing on primary, secondary, and tertiary prevention.
