

Information Session: Zero Suicide Framework

The Zero Suicide Framework provides a framework for systemic, clinical suicide prevention in health and behavioral health care systems; and provides a specific set of best practices and tools that transforms system-wide suicide prevention and care to save lives. The Zero Suicide Framework aims to improve outcomes for people at risk of suicide in health and behavioral health care systems, with a focus on a commitment to patient safety and closing gaps in care management and treatment plans and transforming the culture around suicide prevention.

To learn more about the Zero Suicide Framework and how your agency can get involved, please join the Minnesota Department of Health for one of the following upcoming informational sessions:

[Register for the information session Tuesday, March 9, 2021](#) from 9-10 a.m.

[Register for the information session Thursday, March 11, 2021](#) from 3-4 p.m.

Please contact Jenilee Telander at Jenilee.Telander@state.mn.us for more information or how to become involved in the next statewide Zero Suicide cohort.
