

2018 STRENGTHENING COMMUNITY TRUST SYMPOSIUM

FAMILY & YOUTH SUPPORT PARTNER INITIATIVE

The Diversity Development Center invites you to attend the first in a series of **Strengthening Community Trust Symposia** to take place at Marina Village Conference Center Building A, 1936 Quivira Way, San Diego, CA 92109 on July 18th and 19th, 2018.

FAMILY & YOUTH SUPPORT PARTNER MODEL

A Family and Youth Support Partner is an individual, with lived experiences in the respective system(s), who is trained and hired to help other families as a paraprofessional.

We believe trust is the essence of human relationships between children, parents, families, employers, employees, members and their communities – simply stated “without trust there is no relationship”.

The symposium highlights systems leaders and paraprofessionals who are early adopters on the front line of Adverse Childhood Experiences (ACEs) Science systems to embrace change in their programs, practices, policies and procedures where they live, work, pray and play in the pursuit of enhanced and sustainable outcomes and deliverables.
