Notes and Community Updates:

Amy commented that she believes steering committee needs to look at changing the day and time due to other tri county meetings 3, task forces have meetings on same day. Columbus County has their meeting at the same time, principals meeting on same day as well. United Way also has staff meetings on Tuesdays at 9:00.

Leslie Smile agrees as she serves multiple counties and impacts attendance.

*Next meeting planning to watch Nadine Burke Harris' Ted Talk.

Could we have a book study about the book What Happened to You?

Could we purchase materials for the library to have it accessible for folks? Church libraries, GAL
How do we make it accessible for all folks?

Do we want to create a workgroup around book study?
