**Who We Are:** The Beyond Barriers coalition is a collaboration of public and nonprofit organizations working together to combat poverty in the metro Phoenix area. Working to build our coalition allows us to leverage our resources, funding, staff time, and innovative ideas which increases benefits for the people and communities we serve.

**Why:** This symposium will help bridge gaps between the diverse groups of agencies and nonprofits who have joined together for this important work. Our ultimate goal is to break down barriers that defeat our shared mission of serving Arizona's most vulnerable residents.

Providers will have an opportunity to network and learn more about what resources are available to them and their clients/families, especially relating to trauma, resiliency and trauma-informed care

**How:** Our inaugural theme is Trauma and Resiliency. We will feature knowledgeable and experienced keynote speakers, "TIC Talks"(Trauma, an Individual's Chronicle) mini sessions, a panel forum of professionals in the field, resource tables from various community providers, and opportunities for networking. Attendees will be provided breakfast and lunch, and we will celebrate with fun door prizes.
