

# NEAR Science- Beyond Aces: Building Self-healing Communities

Understand how childhood adversity  
effects our communities

- The NEAR science explores the Neurobiology, Epigenetics, ACE's Study and Resilience
- NEAR Science training is a follow-up to *Resilience: The Biology of Stress and the Science of Hope* documentary film about ACEs
- All registered participants will be sent a link to a virtual screening of the Resilience film for viewing before the training (optional) as well as a zoom link to access the event
