

Child Sexual Abuse Prevention Oklahoma Directory

Updated Spring 2021

The Oklahoma Child Sexual Abuse Prevention Workgroup was developed to address Oklahoma programs focused on child sexual abuse prevention, prevention of problematic sexual behavior of youth, sex education, and/or healthy relationships for youth. One of Workgroup's goals was to develop an inventory of programs in Oklahoma designed to address at least one of these topics:

- **Prevention of child sexual abuse**
- **Prevention of problematic sexual behavior of youth**
 - **Sex education**
- **Healthy relationship building**

Childhood sexual abuse is a significant public health problem, with deleterious emotional, social, behavioral, and mental health outcomes for victims, The Oklahoma Child Sexual Abuse Prevention Workgroup was established to examine the efforts and gaps in addressing the prevention of child sexual abuse in Oklahoma. The Workgroup is composed of members from state and nonprofit agencies who has programs focused on child sexual abuse prevention, childhood problematic sexual behavior, sex education, and/or healthy relationships for youth. One of the initial efforts of the workgroup was to develop and distribute a survey to inventory and assess the gaps of child abuse prevention education and healthy relationship building services in Oklahoma. This directory of prevention services provides information about child sexual abuse programs in Oklahoma. For each program, the directory provides a description of the prevention program, targeted audience, topics addressed, counties served, ways to access the services and links to additional information. An annual update of the directory is planned.

If your program is not included in this directory and you would like to be included please fill out the survey below.

Agency		Description of Program									
CARE Center ROAR		The CARE Center's ROAR program is a fun and interactive way for kids ages 4-8 to learn about body safety. Through the ROAR program, kids learn the "Rules of ROARing" with Rex the lion. The Rules of ROARing help kids understand that their bodies are their own, they don't have to give anyone any touch that makes them uncomfortable, secrets aren't meant to be kept, and the importance of safe adults in their lives. We want every child to feel brave and empowered. Join us in helping every child find their ROAR!

Oklahoma Youth Leadership Forum (OKYLF)		Oklahoma has added sexuality to the national YLF curriculum. While we would like to do more, we only have 2 sessions (about 120 minutes) during our week. Sessions include question and answers, where students submit anonymous questions over anything they want to ask and our sexuality educators answer. The other session is more about consequences of choices. Students in attendance are high school age (10th,11th, and 12th) as well as are statewide.

Agency		Description of Program									
Care Center-Recognizing and Reporting Child Abuse and Neglect		Our Recognizing and Reporting Child Abuse and Neglect program is meant for any child-serving adult wanting to learn more about child abuse in Oklahoma. This program discusses four different types of abuse, the signs adults can look for to know if their child is experiencing abuse, and thoroughly covers the reporting process. In Oklahoma, every adult is a mandated reporter. Use The CARE Center's Recognizing and Reporting Child Abuse and Neglect program to protect the children in your life.
