

Educators, parents, child advocates and the public are invited to a screening and discussion of:

# RESILIENCE

## THE BIOLOGY OF STRESS & THE SCIENCE OF HOPE

Tuesday, September 25, 2018  
5 - 7:30 pm

Kaiser Permanente Vacaville Medical Center  
Outdoor Glade  
1 Quality Drive  
Vacaville, CA 95699

### Masters of Ceremonies

Lisette Estrella-Henderson, Solano County Superintendent of Schools  
and Jane Shamieh, Superintendent, Vacaville Unified School District

**“THE CHILD MAY NOT REMEMBER,  
BUT THE BODY REMEMBERS.”**

Researchers have recently discovered a **dangerous** biological syndrome caused by **abuse** and **neglect** during childhood. As the award-winning documentary *Resilience* reveals, **toxic** stress can trigger hormones that wreak **havoc** on the brains and bodies of children, putting them at a greater **risk** for diseases and disorders, homelessness, prison time, and early **death**.

After the screening, there will be a **discussion** about the profound **impact** of adverse childhood **experiences** (ACEs) on child and adult health, and an opportunity to **share** and **learn** about community resources.

Kaiser Permanente Physicians and Mental Health experts will attend.

For more information about the film, visit [kpjr.ilsms.co/resilience](http://kpjr.ilsms.co/resilience). Reserve your seat today!  
Please **RSVP** by **September 11, 2018**, at <https://www.surveymonkey.com/r/resiliencefilm>
