Flojaune Cofer, PhD, MPH

Epidemiologist and Senior Director of Policy at Public Health Advocates Flojaune Griffin Cofer oversees the state policy efforts and the All Children Thrive- CA local trauma policy initiative. Her professional interest is addressing emerging and persistent public health challenges through research and policy. Her work primarily focuses on metabolic disease prevention, restorative justice, and adverse childhood experiences (ACEs).

Resilience: The Biology of Stress & The Science of Hope

Resilience chronicles the birth of a new movement among pediatricians, therapists, educators and communities, who are using cutting-edge brain science to disrupt cycles of violence, addiction and disease.
