People Reaching Out (PRO) is a youth agency with a vision that young people be productive and responsible members of society who give back to their communities as they move from adolescence to adulthood. PRO's mission is chartered to inspire, educate and mobilize young people to build healthy futures for themselves, their families and their communities. PRO offers a number of programs including mentoring, advocacy, civic engagement, and summer learning.

Youth @ City Council is PRO's twelve-month civic education program designed to develop young leaders and foster their civic engagement through hands-on, practical experiences while utilizing real government and community opportunities and events. In Y@CC, young people learn about the core values of democracy along with the inner-workings of local, county and state governments.
