**Policymaker Education Day**

**California Campaign to Counter Childhood Adversity**

**Tuesday, July 11, 2017 • Sacramento, CA**

YOU can make a difference by participating in policymaker education day! California's lawmakers need to hear from you about how childhood adversity affects your community and what they can do to help. Join with allies from across the state to engage your elected officials on this important issue, and invite your friends, colleagues and neighbors.

All participants will be provided with tools and training in preparation for visits to legislators and agency officials. Experienced advocates will be matched with newcomers. This event will be provided at no charge to participants.

**Register by June 1 at [www.4cakids.org/education-day](http://www.4cakids.org/education-day).**
