

Policymaker Education Day

Tuesday, May 22nd
Sacramento, CA

Register by April 30
at bit.do/peday

For general information about Policymaker
Education Day, Contact Kelly Hardy;
Khardy@childrennow.org

YOU can make a difference by participating in policymaker education day! California's lawmakers need to hear from you about how childhood adversity affects your community and what they can do to help.

Join with allies from across the state for the second year to engage your elected officials on this important issue. All participants will be provided with tools and training in preparation for visits to legislators and agency officials.
