Student	\$10
Faculty/Staff	\$25
Other	\$40

BACKGROUND

Trauma Informed Care (TIC) integrates core principles of neurodevelopment, trauma and attachment with mindful healing to support a comprehensive approach that can be used by clients, providers, and community members.

KEYNOTE: Dr. Williams courageously shares his story of sexual exploitation at the hands of his father for 12 years. He uses his personal insight and educational expertise to weave the science of trauma and healing into his presentation, which serves as a call to action and a message of hope. Dr. Gregory Williams is on the Senior Leadership Team at Baylor College of Medicine's OB/ GYN Department located in Texas Children's Hospital in the heart of the Texas Medical Center in Houston.

He has a PhD in Counseling and is a well-known speaker/teacher. He is the author of "Shattered by the Darkness: Putting the Pieces Back Together After Child Abuse" that has been published by HCI publishing (the same publishers of the International Bestseller "A Child Called IT" and the "Chicken Soup for the Souls" series).

Following Keynote, participants will attend one of the previously chosen (during registration) break-out sessions that include, Trauma Informed: Medical Care; Early Childhood Education; Adolescent and Adult Education; Families; Therapy and Addiction Counseling.

TRAINERS: Gregory Williams, MD; Marjie Bowker, M.Ed; Elissa Feld, M.P.P; Lisa Frasier; Ron Huxley, LMFT; Michele Gordon Johnson, MA ECE; Katie Mervin, MA ECE; Michele Simone, LMFT; Julie Stowasser, LMFT; Denae Boggs, LMFT

Objectives:

- ❖ Increase awareness of at least 2 ways that Childhood Trauma can impact an adult body based on research from Adverse Childhood Experiences.
- ❖ Recognize 2 reasons why it is important to implement Trauma Informed Care in health, early childhood, and other therapeutic industry settings and how it relates to your field.
- ❖ Identify 2 ways to reduce re-traumatization in clients, families, staff, ourselves and others in the community.
