

FREE TRAINING FOR MEDICAL PROVIDERS

Funded by the ACEs Aware Supplemental Training Grant

The Power of Trauma-Informed Care

Helping children, adults, families and communities heal and thrive

Free Virtual Training

You can help treat, prevent and reduce the impact Adverse Childhood Experiences (ACEs)

Gain a deeper understanding about ACEs prevalence, associated health conditions, and stress-related health impacts of the COVID-19 emergency.

Learn how trauma affects your stress response and leads to long-term changes in the brain and body.

Develop trauma-informed care strategies to recognize and respond to the signs and risks of toxic stress.

Learn early identification, screening and intervention tools to implement into your practice and inform patient treatment.

Open to Primary Care, Pediatric, Health Care and Behavioral Health Providers
