

Educate, Equip and Support: Building Hope

A training for parents, grandparents and resource family members of children who have emotional challenges. . .

This evidence-based parent training provides education on common emotional disturbances in children;

- * Equips parents to work with Child Welfare, Probation, and Court systems;

Empowers parents to be successful advocates navigating the Special Education (IEP) process on behalf of their child;

Offers strategies for parenting, self-care and stress management.
