

SHANNON FEIL

AmeriCorps Foster Youth Mentor

Phone: (909)667-1454

Email: shannon@yolofostercare.com

My name is Shannon Feil and I am one of the three new AmeriCorps Foster Youth Mentors for Yolo County Office of Education and Woodland Community College. Prior to this opportunity I recently graduated from a Master's program in Psychology and Education from Claremont Graduate University. During my four year tenure there I worked as a researcher/evaluator for the Education Development, and Evaluation (EDEVAL) Lab. The focus of our work centered on academic achievement and positive developmental outcomes for disadvantaged youth populations. Growing up with lived experience in the foster system, I am excited to be able to use both my personal and professional experiences to serve similar populations in this new role. My job is to serve current and former foster youth ages 12-21 in Yolo County to expand and enhance their personal, academic, financial, and professional growth and success throughout grades k-12 and onwards. I'm very much looking forward to meeting and serving you all!
