HELP ME GROW

What is Help Me Grow?

Help Me Grow (HMG) is a program that connects ALL children with the services they need. Help Me Grow provides free developmental screenings, resources, referrals and follow up to all children and their families. We help families who have questions about their child's developmental milestones, when to be concerned and who to go to for more support.

Getting a developmental screening for your child is a great way to help them prepare for school.

Yolo County Children's Alliance offers FREE developmental screenings for children aged 0-5!
