Sutter-Yuba Behavioral Health Trauma-Informed Care

Please join us for Trauma-Informed Care training. The two-hour training, sponsored by **Sutter-Yuba Behavioral Health**, brought to you by California Institute for Behavioral Health Solutions (CIBHS), is tailored for various disciplines, settings, and staff. Please scroll below to register for the training that is applicable to your job duties and work setting. In the context of one's role during the training, participants will:

- Define trauma and contextual contributing factors
- Discuss how to recognize the signs and symptoms of trauma
- Discuss components of a trauma-informed approach

The training will be conducted by Cindy Rollo, MSW, LCSW-C. Cindy is an accomplished trainer, consultant, supervisor, and clinician. Cindy has been involved in bringing trauma-informed trainings and system change to mental health professionals, administrators, graduate students, child welfare workers, case managers and support staff who provide care in a range of community and residential settings and serve diverse populations. Over the last 20 years, Cindy has provided psychotherapy to underserved youth and their families that are living in the context of urban poverty and ongoing trauma exposure in Baltimore, Maryland. She is also a national trainer for Trauma Focused Cognitive Behavioral Therapy (TF-CBT) and co-developed a graduate level course on Evidence-Based Mental Health Treatment with Children and Adolescents.
